Recommended and Unconditional Takeover Offer for Bullseye Extended

Emerald Resources NL (ASX: EMR) (Emerald or Company) refers to its announcement dated 6 January 2022 declaring its recommended takeover bid for all of the issued shares of Bullseye Mining Limited (Bullseye) that it does not already own (Offer) free from all conditions.

Offer Extension

Emerald has today resolved to extend the closing date of the Offer to 5:00pm (WST) on Friday, 18 March 2022.

As at the date of this announcement, Emerald confirms that it has a relevant interest in 54.7% of the 445,599,851 Bullseye shares currently on issue, comprising:

- 75,692,283 shares held directly by Emerald; and
- 168,010,148 shares pursuant to acceptances of the Offer by Bullseye shareholders.

As at the commencement of trade today, the balance of acceptances and withdrawals during the first week of the withdrawal rights period equates to a circa 1.2% reduction in Bullseye shareholders acceptances of the unconditional Offer.

Attached to this announcement is a formal notice under section 650D of the Corporations Act 2001 (Cth) (Corporations Act) in relation to the extension of the closing date.

Withdrawal rights period

On 7 February 2022, the Takeovers Panel made final orders in *Bullseye Mining Limited 03* (see [TP 22/12](#)). Among other things, the Panel made orders (**Orders**) that (in effect) required Emerald to issue a supplementary bidder's statement and offer Bullseye shareholders withdrawal rights.

On 21 February 2022 and in compliance with the Orders, Emerald issued a supplementary bidder's statement.

Bullseye shareholders that have any questions relating to the Offer or how to accept or withdraw from the Offer made to them, should contact the Company Secretary of Emerald on +61 8 9286 6300, or your professional financial adviser.

Emerald notes the withdrawal rights period will expire at 5:00pm (WST) on Monday, 7 March 2022.

Following expiry of the withdrawal rights period and consistent with previous Emerald disclosure, it is the Company's intention to issue Emerald shares to accepting Bullseye shareholders as soon as practical.

Emerald's Managing Director, Morgan Hart, said:

"For those Bullseye shareholders who have accepted the Offer and wish to proceed, we look forward to issuing your Emerald consideration shares which will be freely tradeable on the ASX. For those that are yet to do so, we urge you to accept the Offer being the only offer for Bullseye shares available for acceptance, without delay.

"We will continue to assess our intentions should a competing bid capable of acceptance materialise in the short term. If, however at the completion of the withdrawal rights period, Emerald holds in excess of 50% of the available share capital in Bullseye, our clear and consistently stated intention is to take control of the company at the board and management levels and commence building a strongly supported, diversified, gold mining group. Bullseye shareholders that have not accepted our Offer risk holding their shares privately in Bullseye with limited liquidity."

This ASX release was authorised on behalf of the Emerald Board by: Morgan Hart, Managing Director.

Forward Looking Statement

This document contains certain forward looking statements. These forward-looking statements are not historical facts but rather are based on the Company's current expectations, estimates and projections about the industry in which Emerald Resources operates, and beliefs and assumptions regarding the Company's future performance. Words such as "anticipates", "expects", "intends", "plans", "believes", "seeks", "estimates", "potential" and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to known or unknown risks, uncertainties and other factors, some of which are beyond the control of the Company, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, which reflect the view of Emerald Resources only as of the date of this announcement. The forward-looking statements made in this release relate only to events as of the date on which the statements are made. Emerald Resources will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this announcement except as required by law or by any appropriate regulatory authority.

This document has been prepared in compliance with the current JORC Code 2012 Edition and the ASX listing Rules.

The Company believes that it has a reasonable basis for making the forward-looking statements in this announcement, including with respect to any production targets and financial estimates, based on the information contained in this announcement. Reference is made to ASX Announcement dated 1 May 2017 and 26 November 2019. All material assumptions underpinning the production target or the forecast financial information continue to apply and have not materially changed. 100% of the production target referred to in this announcement is based on Probable Ore Reserves.

Emerald has a highly experienced management team, undoubtedly one of the best credentialed gold development teams in Australia with a proven history of developing projects successfully, quickly and cost effectively. They are a team of highly competent mining engineers and geologists who have overseen the successful development of gold projects in developing countries such as the Bonikro Gold Project in Cote d'Ivoire for Equigold NL and more recently, Regis Resources Ltd.

Competent Persons Statements

The information in this report that relates to Exploration and Grade Control Results is based on information compiled by Mr Keith King, who is an employee of the Company and who is a Member of The Australasian Institute of Mining & Metallurgy. Mr Keith King has sufficient experience which is relevant to the style of mineralisation and type of deposits under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined in the 2012 Edition of the 'Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves'. Mr Keith King has reviewed the contents of this release and consents to the inclusion in this announcement of all technical statements based on his information in the form and context in which it appears.

The information in this report that relates to the Mineral Resources for the Okvau Gold Deposit was prepared by EGRM Consulting Pty Ltd, Mr Brett Gossage, who is a consultant to the Company, who is a Member of the Australasian Institute of Mining & Metallurgy (AIG), and has sufficient experience relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person as defined by the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Gossage has reviewed the contents of this news release and consents to the inclusion in this announcement of all technical statements based on his information in the form and context in which it appears.

Information in this announcement that relates to Ore Reserves for the Okvau Gold Deposit is based on, and fairly represents, information and supporting documentation prepared by Mr Glenn Williamson, an independent specialist mining consultant. Mr Williamson is a Member of the Australasian Institute of Mining & Metallurgy. Mr Williamson has sufficient experience which is relevant to the style of mineralisation and type of deposit under consideration and to the activity which he is undertaking to qualify as a Competent Person (or "CP") as defined in the 2012 edition of the "Australasian Code for Reporting of Exploration Results, Mineral Resources and Ore Reserves". Mr Williamson has reviewed the contents of this news release and consents to the inclusion in this announcement of all technical statements based on his information in the form and context in which it appears.

No New Information

To the extent that announcement contains references to prior exploration results and Mineral Resource estimates, which have been cross referenced to previous market announcements made by the Company, unless explicitly stated, no new information is contained. The Company confirms that it is not aware of any new information or data that materially affects the information included in the relevant market announcements and, in the case of estimates of Mineral Resources, that all material assumptions and technical parameters underpinning the estimates in the relevant market announcement continue to apply and have not materially changed.
