Emerald Resources NL (ASX:EMR) ('Emerald') is pleased to announce the appointment of Mr Mick Evans to the Board of the Company as an Executive Director, effective immediately.

Mr. Evans was appointed Chief Operating Officer of the Company in May 2016 and has over 20 years experience in various mining and processing industries throughout Australia and Africa. Prior to joining the Company he spent 7 years with Regis Resources Ltd (ASX:RRL) firstly as Projects Manager and in April 2014 he was appointed as Chief Development Officer and was responsible for the construction of the processing plant at the Moolart Well, Garden Well and Rosemont gold mines. Before that, Mr Evans spent 10 years with Equigold NL where he was instrumental in the construction of the Bonikro processing plant in Cote D'Ivoire.

Managing Director, Morgan Hart said: "Mick has developed a very strong understanding of the Okvau Project and will take responsibility for all design, development and construction activities for the Project."

The Company also advises that Non-Executive Director, Mr Justin Tremain, has resigned from this position effective today to pursue other interests. The composition of the Board will continue to be reviewed as the Company moves into development phase.

Mr Hart added "The Emerald Board of directors wish Mr Tremain all the best for his future endeavours and thank him for his valued and significant contribution to the development of the Okvau Gold Project."

For and on behalf of the Emerald Board.

Morgan Hart
Managing Director

About Cambodia

Cambodia is a constitutional monarchy with a constitution providing for elections every 5 years with last election recently held in July 2018. The population of Cambodia is approximately 16 million.

Cambodia has a relatively open trading regime and joined the World Trade Organisation in 2004. The government's adherence to the global market, freedom from exchange controls and unrestricted capital movement makes Cambodia one of the most business friendly countries in the region.

The Cambodian Government has implemented a strategy to create an appropriate investment environment to attract foreign companies, particularly in the mining industry. Cambodia has a modern and transparent mining code and the government is supportive of foreign investment particularly in mining and exploration to help realise the value of its potential mineral value.

Detailed information on all aspects of Emeralds' projects can be found on the Company's website;

www.emeraldresources.com.au.

Forward Looking Statement

This announcement contains certain forward-looking statements. These forward-looking statements are not historical facts but rather are based on the Company's current expectations, estimates and projections about the industry in which Emerald Resources operates, and beliefs and assumptions regarding the Company's future performance. Words such as "anticipates", "expects", "intends", "plans", "believes", "seeks", "estimates", "potential" and similar expressions are intended to identify forward-looking statements. These statements are not guarantees of future performance and are subject to known or unknown risks, uncertainties and other factors, some of which are beyond the control of the Company, are difficult to predict and could cause actual results to differ materially from those expressed or forecasted in the forward-looking statements, which reflect the view of Emerald Resources only as of the date of this announcement. The forward-looking statements made in this release relate only to events as of the date on which the statements are made. Emerald Resources will not undertake any obligation to release publicly any revisions or updates to these forward-looking statements to reflect events, circumstances or unanticipated events occurring after the date of this announcement except as required by law or by any appropriate regulatory authority.

This announcement has been prepared in compliance with the current JORC Code 2012 Edition and the ASX listing Rules. All material assumptions on which the forecast financial information is based have been included in this announcement.

The Company believes that it has a reasonable basis for making the forward-looking statements in this announcement, including with respect to any production targets and financial estimates, based on the information contained in this announcement. All material assumptions underpinning the production target or the forecast financial information continue to apply and have not materially changed.

100% of the production target referred to in the 1 May 2017 announcement is based on Probable Ore Reserves.

Emerald has a highly experienced management team, undoubtedly one of the best credentialed gold development teams in Australia with a proven history of developing projects successfully, quickly and cost effectively. They are a team of highly competent mining engineers and geologists who have overseen the successful development of gold projects in developing countries such as the Bonikro Gold Project in Cote d'Ivoire for Equigold NL and more recently, Regis Resources Ltd.

The Company believes it has a reasonable basis to expect to be able to fund and develop the Okvau Gold Project for the reason set out above and in this announcement. However, there is no certainty that the Company can raise funding when required.
