Appalachian Gas - Magoffin County, Kentucky
(Emerald 5% Overriding Royalty Interest)

On 22 July 2015, the Company announced that it had assigned the various oil and gas interests located in Magoffin County, Kentucky (Leases) to Slone Energy LLC (Slone Energy) for a nominal consideration in return for EMR retaining a 5% overriding royalty interest in all gas production from the Leases (Royalty Interest).

The Royalty Interest will continue over any new oil and gas lease acquired by Slone Energy where that new oil and gas lease is in respect of any part of an area that was the subject of the Leases that may be relinquished, surrendered or not renewed.

During the quarter, there was no product recovered and sold from the Leases and the royalty received for the period was nil.

New Projects

During the quarter, EMR continued to identify suitable projects in the energy and broader resources sector and evaluate their commercial value in the current investment climate. As part of this process, EMR has engaged highly experienced mining consultants who have achieved a significant level of commercial success in developing global resource projects and maximising shareholder returns.
